GRABO Vacuum Lifter – the world's first hand held, battery powered vacuum lifter, for porous and non-porous surfaces

Article No: 67-NG-14.8V-2LI-FB

The GRABO makes much easier handling of everything from composite panels, facade panels, tiles and stone to plasterboard and appliances, reducing the strain on your fingers and back. Some of the trades that are proving it invaluable are metal siding installers, worktop fitters, landscapers, tilers, memorial masons, dry liners, glaziers and the manufacturing sector.

- Grabs many surfaces, including wet, dusty, riven or porous materials
- Perfect for IMP's, metal panels, paving, tiling, worktops, cover slabs, plasterboarding, glazing, appliances, etc
- Keeps your hands out of messy primer and adhesive on paving and tiles
- Less strain on your fingers and back
- Can lift up to 375 lbs
- Two rechargeable Li-ion batteries for all day use
- Price \$249.00

These units are available from stock at our Indiana, Tennessee and Nevada locations.
